

Microsoft Tech Summit

Birmingham, UK

Shaping the future of Remote Desktop Services on Azure

Freek Berson
Remoting Windows enthusiast
MVP

@fberson
freek@rdmi.cloud

Why Remote Desktop Services?

- Software as a Service (SaaS)
- Web- and HTML5
- App store Apps

Complete the modern workplace by providing access to traditional Win32 applications

Agenda

Going beyond RDS on IaaS

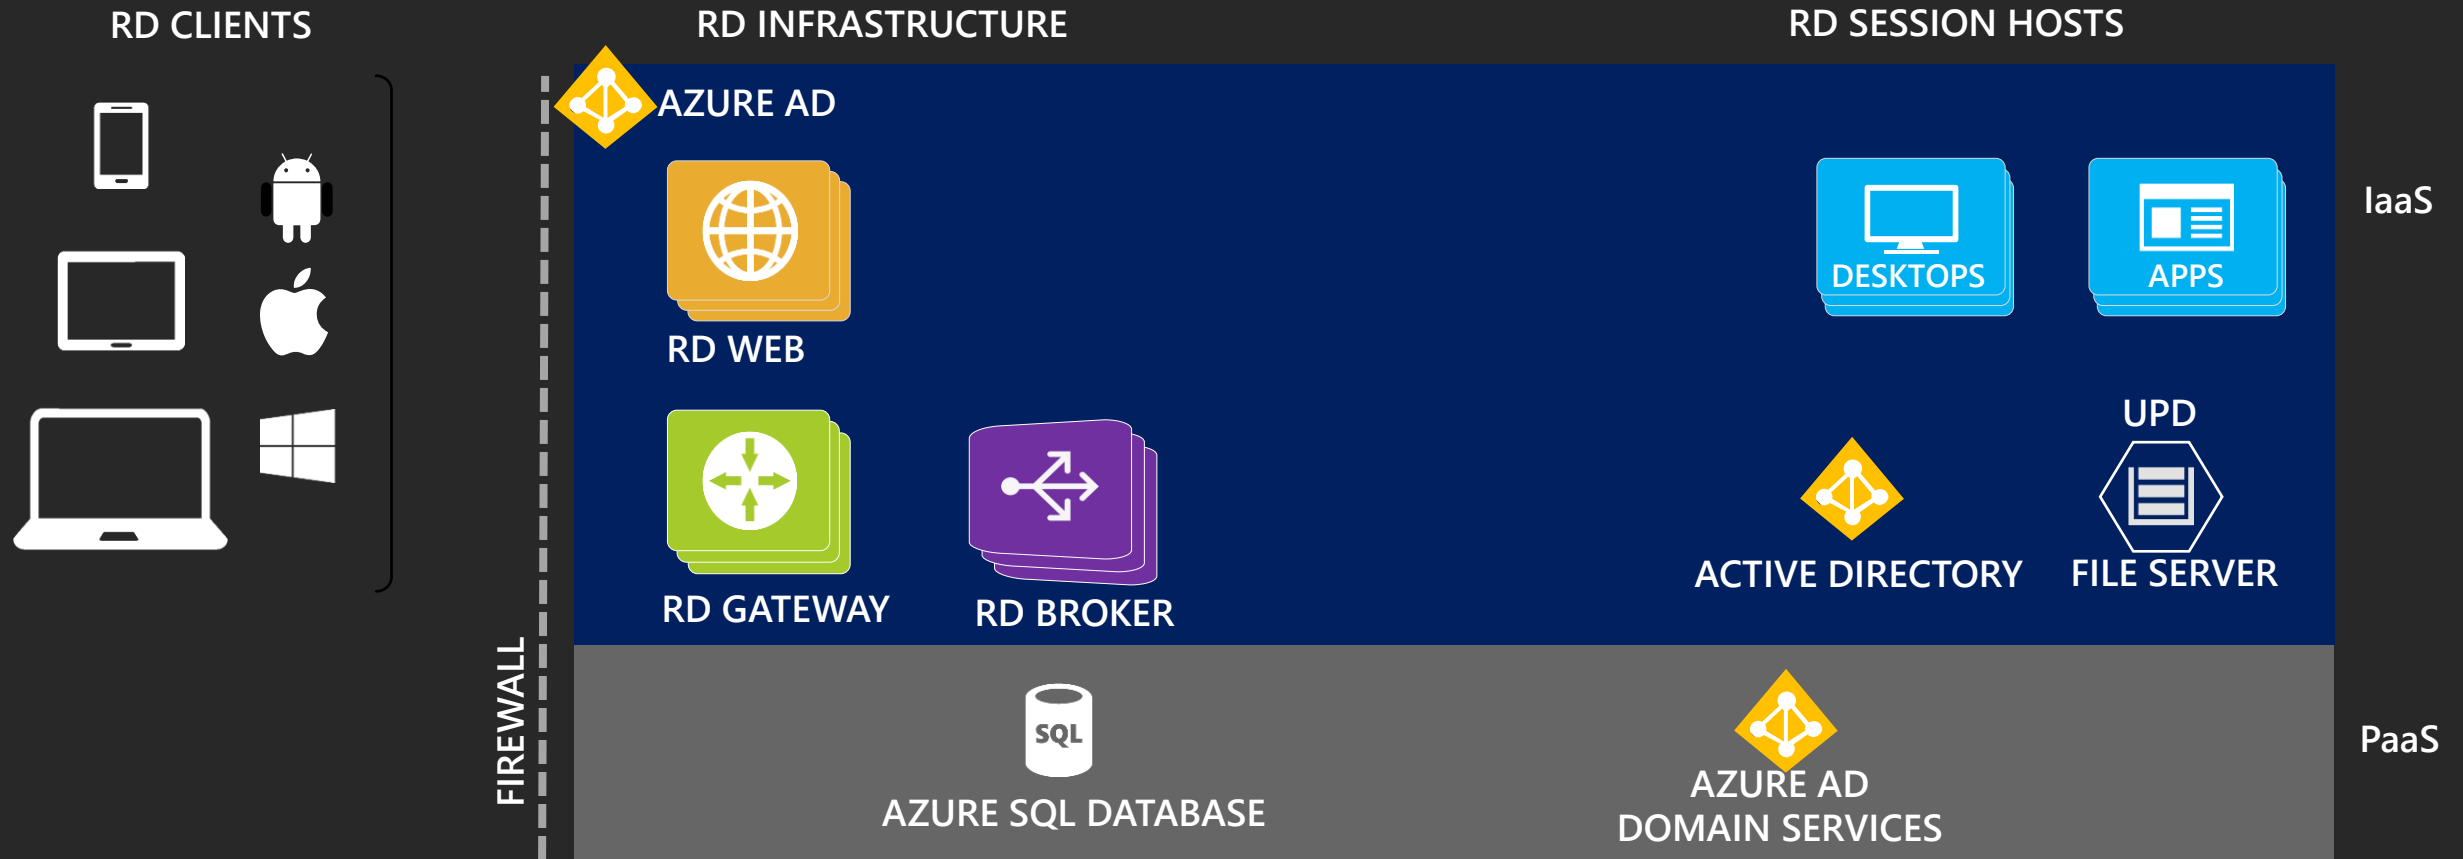

Remote Desktop modern infrastructure

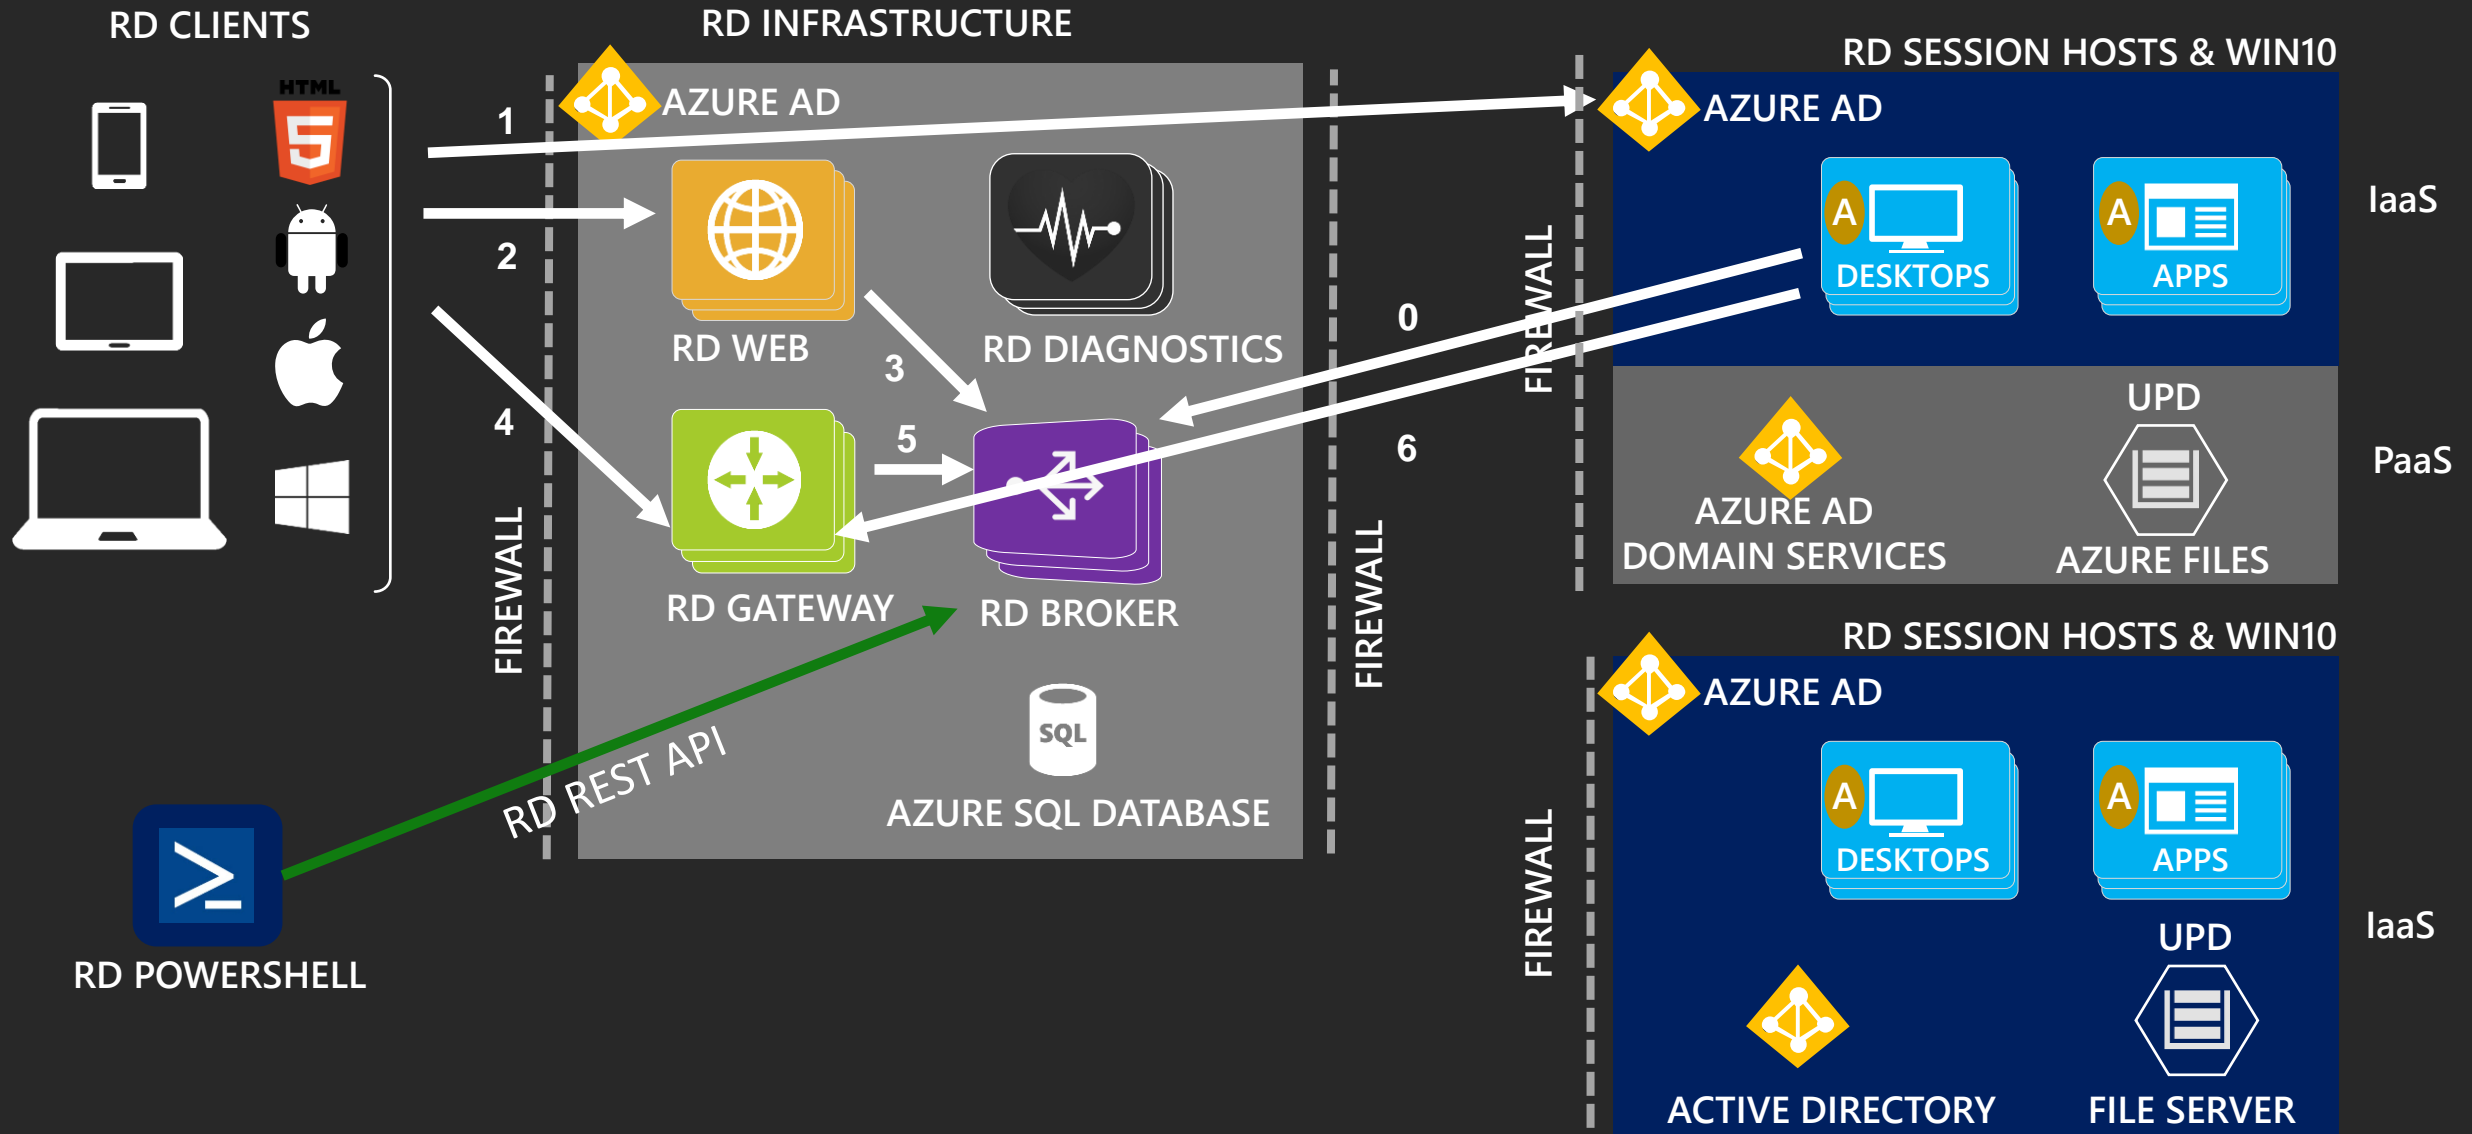

HTML5

RDS 2016 on Azure IaaS

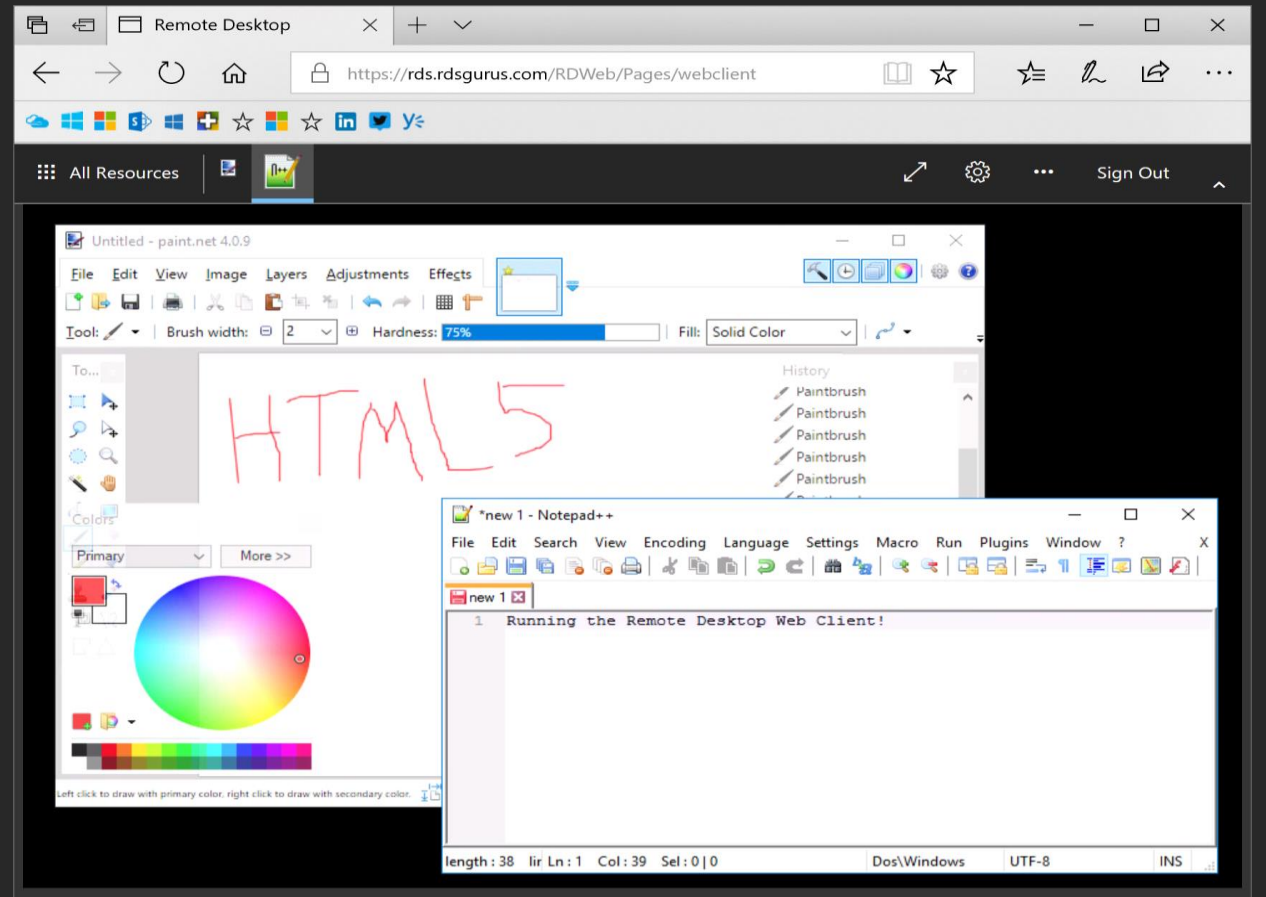

Remote Desktop modern infrastructure

HTML5

- Clientless access (modern browser)
- Available in RDmi
- Ported back to RDS 2016
